

# RACE NUMBER SPECIFICATION

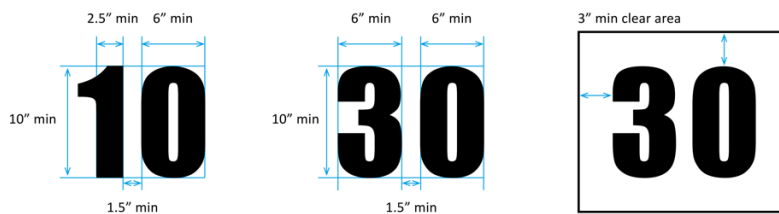

## AX21. RACE NUMBER DECALS

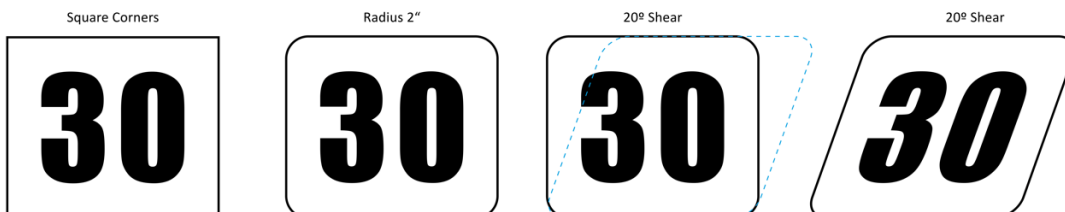

Pic.1

### SIZE & SPACING

### NUMBER PLATES

- Number/back plates are not mandatory. The background show be plain and in contrast to the number color e.g black on white, white on black.
- The height of each figure must be a minimum of 254mm/10in by a minimum on 152mm/6in wide.
- Numbers are to be bold in font and opposite in color to the background.
- Numbers must have a minimum of a 40mm/1.5in between the numbers if double or triple digits are used.
- Numbers must be positioned on the front of the watercraft and to both sides of the hull. See Pic.1.
- When registering riders will receive a race vest with their personal number printed on to it.
- The vest must be worn at all at times when on the water – NO VEST NO POINTS – see AX46.a.
- Race vests are colored to distinguish different classifications. Number backgrounds will be colored to distinguish rookie riders.
- The vest is to be kept by the rider for the duration of the championships. If a rider misplaces his/her vest they will be charged a replacement fee.
